

Sustainability Now!

Join the SAYPE Vernissage and Right Livelihood Lecture!

Join us on May 16, 2024, as world-renowned artist **SAYPE** brings his monumental artwork to the University of Zurich in support of **SOS MEDITERRANEE**'s mission.

SAYPE's eco-friendly artworks highlight contemporary societal challenges through everyday depictions and immense scale. Experience the artwork's vernissage, followed by the „Sustainability now!“ lecture by the Right Livelihood Centre of the University of Zurich and the Sustainability Team of the University of Zurich.
